

## PERSONAL INFORMATION

Gianluigi Ferrante

## WORK EXPERIENCE

01/02/2020–Present

**Epidemiologist, MD MSc**

Reference Centre for Epidemiology and Cancer Prevention in Piedmont (CPO Piemonte), Torino (Italy)

01/09/2019–31/01/2020

**Public Health Physician**

Local Health Unit TO3 - Piedmont Region, Pinerolo (Italy)

- Activities of organization and management of health services in the District of Pinerolo - Piedmont Region.

01/01/2018–31/08/2019

**Epidemiologist, MD MSc**

Italian National Institute of Health, National Centre for Drug Research and Evaluation, Rome (Italy)

- Scientific coordinator of the study "Use of antibiotics in the territory and onset of resistance: case-control study in the Autonomous Province (PA) of Bolzano", a case-control observational study to verify, in a population with a low prevalence of antibiotic use, whether a previous use of these drugs has effects on the onset of clinically relevant resistance. Design, planning and coordination of the study.
- Expert of the Italian National Institute of Health for the "Drugs" Working Group on the reorganization of the Regional Oncological Networks (R.O.R) and integration of hospital-territory care, coordinated by the National Agency for Regional Health Services (AGE.NA.S).
- Research activity on a project to study the benefit-risk profile of New Oral Anticoagulants (NAO) with respect to Vitamin K Inhibitors (AVK) in patients with atrial fibrillation and cancer. Study design and data analysis.
- Research activities within the active surveillance system to assess the risk of adverse events of special interest after vaccination in the pediatric population, coordinated by the Department of Pharmacoepidemiology of the National Center for Preclinical and Clinical Drug Research and Evaluation. Coordination of surveillance and data analysis.

15/01/2008–31/12/2017

**Epidemiologist, MD MSc**

Italian National Institute of Health, National Centre of Epidemiology, Surveillance and Health Promotion, Rome (Italy)

- Member of the Italian Behavioral Risk Factor Surveillance System PASSI coordinating group.
- Lecturer in epidemiology and statistics.
- Statistical and epidemiological analysis.
- Scientific communication.
- Prevention and control of chronic diseases.
- Promotion of healthy lifestyles.

01/01/2007–14/01/2008

**Clinical Research Fellow**

Unit of epidemiology - Paediatric Hospital Bambino Gesù, Rome (Italy)

- Coordination of follow-up at 24 months of age of the Italian cohort of very preterm infants recruited according to the Italian Ministry of Health research project ACTION (Accesso alle Cure e Terapie Intensive Ostetrico-Neonatali).
- Statistical and epidemiological analysis.
- Scientific communication.

15/10/2005–31/12/2006

### MD Resident

Unit of epidemiology - Paediatric Hospital Bambino Gesù, Rome (Italy)

- Research on childhood cancer and late effects in survivors, atopic dermatitis in children, cystic fibrosis and quality of life in children, developmental care in the neonatal intensive care units in Europe.

01/06/2003–31/08/2004

### MD Resident

Unit of Preventive Medicine - Hospital Sant'Andrea, Rome (Italy)

- Vaccination activity.
- Food hygiene.
- Hospital hygiene.

## EDUCATION AND TRAINING

---

01/10/2002–24/10/2006

### Post-graduate specialization in Hygiene, Preventive Medicine and Public Health

University of Rome La Sapienza, II Faculty of Medicine and Surgery, Rome (Italy)

Thesis title: *School performance and final educational attainment in long-term childhood cancer survivors: a retrospective follow-up study.*

Supervisors: Maria Sofia Cattaruzza and Marina Cuttini.

01/09/2004–01/09/2005

### Master of Science in Epidemiology

London School of Hygiene & Tropical Medicine, London (United Kingdom)

Thesis title: Childhood coeliac disease: an incidence study in the United Kingdom and a nested casecontrol study to investigate the risk factors.

Supervisors: Joe West and Liam Smith.

01/10/1995–29/10/2002

### Degree in Medicine and Surgery

University of Rome La Sapienza, I Faculty of Medicine and Surgery, Rome (Italy)

Thesis title: *New variant of Creutzfeld-Jakob disease: past, present and future.*

Supervisor: John Osborn.

26/11/2007–30/11/2007

### International course on Regression Analysis

Università Cattolica del Sacro Cuore, Rome (Italy)

25/06/2006–13/07/2006

### International course of Epidemiology

European Educational Program in Epidemiology (EEPE), Florence (Italy)

PERSONAL SKILLS

Mother tongue(s) Italian

Foreign language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C1	C1	C1	C1	C1
Spanish	B2	B2	B2	B2	B1

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user  
Common European Framework of Reference for Languages - Self-assessment grid

Communication skills Good communication skills, excellent interpersonal skills and capacity to work in a team, gained over the years working at research institutes.

Organisational / managerial skills Good organizational skills and management of working groups, acquired with the coordination of multicenter projects.

Job-related skills Good capacity to work on research projects during their entire life cycle in relation to the planning, execution, analysis and reporting.

Digital skills

SELF-ASSESSMENT				
Information processing	Communication	Content creation	Safety	Problem-solving
Proficient user	Proficient user	Proficient user	Proficient user	Independent user

Digital skills - Self-assessment grid

Good knowledge of the major operating systems, Windows, Mac OS X and Linux.

Good knowledge of productivity software, Microsoft Office, OpenOffice, iWork, Google Documents and similar products.

Good knowledge of statistical analysis software Stata, R, SAS, SPSS and EpiInfo.

ADDITIONAL INFORMATION

Assignments and roles

- Member of the associated direction of the journal Epidemiologia & Prevenzione - Edizioni Inferenze, Milan (from 1/1/15 to date).
  - Management and review of scientific articles/materials sent to the journal for publication in the areas of prevention and health promotion and pharmacoepidemiology.
  - Co-author of the Epidemiology & Prevention column "The prevention of tomorrow".
- Advisor of the Italian Association of Epidemiology (AIE) - Italian Association of Epidemiology (AIE), Rome (from 6/11/2014 to 31/12/2016).
  - Activities for the promotion of epidemiology within the National Health Service, with the specific objective of promoting epidemiological research in the field of prevention and evaluation of interventions.
  - Organization of the 39th and 40th Annual Congress of the Italian Association of Epidemiology.
  - Editorial management of the website [www.epidemiologia.it](http://www.epidemiologia.it)
