

# **Alberto Mattia**

## **Chairman and CEO at PANTA RAY**

**Milano, Lombardia, Italia**

### **Informazioni**

I am an entrepreneur with a broad experience in the field of organizational resilience.

I am currently the Chairman and Chief Executive Officer of PANTA RAY ([www.pantaray.eu](http://www.pantaray.eu)), which is one of the leading training and consulting companies in the continuity and resilience industry, and the initiative leader of About Resilience ([www.aboutresilience.com](http://www.aboutresilience.com)), which is a thought leadership platform for practitioners.

I am also an Adjunct Professor of the:

- "Master in Intelligence and Security" at the Università Link Campus;
- "Security Management" course path at the Università di Tor Vergata;
- "Master in Strategic Management for Healthcare Companies" at the COREP - Consorzio per la Ricerca e l'Educazione Permanente.

In 2014, I became a Member of the Business Continuity Institute (MBCI) and I contributed to found the BCI Italy Chapter, of which I have been the Deputy Leader up until December 2018. Between 2016 and 2019, I served on the Risk & Governance Committee of the Business Continuity Institute. I am among the authors of the 2018 BCI Good Practice Guidelines and I have been a BCI approved instructor for several years, until May 2022.

In 2017, I got the International Certificate in Enterprise Risk Management issued by the Institute of Risk Management.

I have graduated in Economics and Finance at the Università Bocconi with a final paper on the importance of crisis management in the banking system.

On my very first working experience, I was a Summer Intern at BT Radianz in New York City. I was only 17 and I took part to a programme called 'Career Exploration'. It was an incredible opportunity that improved my English proficiency and taught me how to behave in a professional environment. Thanks to that early start, two years later I have been an Intern at JP Morgan Chase where I proved myself with the complexity of a global financial institution.

In more recent years I have been employed as a Project Manager in Centrobanca, which used to be the Corporate and Investment Bank of the Gruppo UBI Banca. I have also worked for the UniCredit Group, where I have been included in the Talent Programme and have attended a Master Class on Risk Management issued by SDA Bocconi.

I am based in Milan (Italy), but I have a global reach.
